

INTERACTIVE CD-OPERATIONAL INSTRUCTIONS FOR PC AND MAC

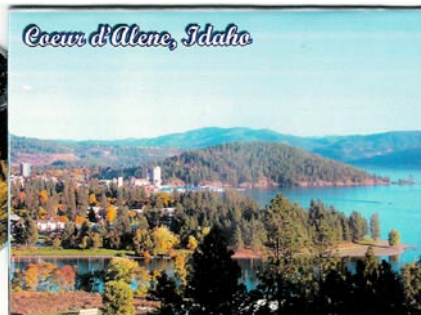

1) Move and close all programs before inserting CD into computer disk drive. CD will take approximately 10 seconds to auto play*. If available read CD disc/info on the CD. 2) To enjoy CD to fullest extent make sure your computer speakers are turned on and select the "Soundtrack option FIRST" from the main menu to add background music.

2) After viewing CD be sure to Exit CD window before ejecting disk from computer. NOTE: 1) YOU MAY PRESS "ESC" KEY AT ANYTIME TO EXIT CD. 2) This CD requires 600 MB of free hard drive space to operate. If your computer does not have sufficient hard drive space you will receive error message when CD attempts to load media. (This CD is not install any programs unless you choose to install screen savers. When playing the CD, if you can't see the entire CD window, your computer screen resolution is set to 640 x 480 pixels. This CD was designed to play on monitors set to 800 x 600 pixels or greater. To change screen resolution exit the CD, right click on your desktop, choose "Properties" then choose "Settings" tab, then adjust screen to 800 x 600 or larger, click "Apply" and reload the CD in tray. * PC users - If your auto play feature is disabled, 1) click on My Computer icon then 2) click on the CD drive icon then, 3) click on file titled lake.cue. MAC users - to play the media from on CD 9 or earlier click on the 250 icon, OS 10 or greater click on DS10 icon to play the media select the Audio CD icon. To open CD drag ALL the aforementioned icons to the Trash.

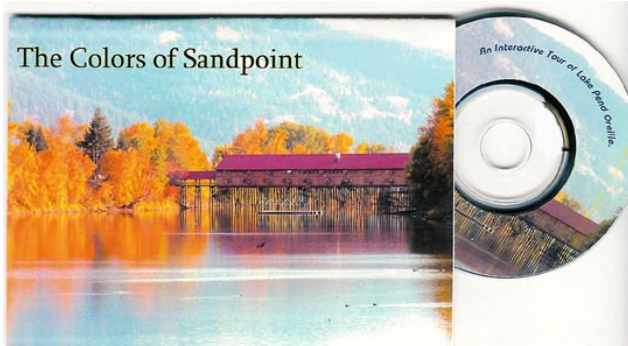

Minimal Operating Specifications: This CD is designed to operate on computers with a 400 MHz processor or above, 64+ MB RAM, 1 x CD drive, 1 MB+ video card, 100 x 600 screen resolution, 16 TrueColor monitor settings, and 600 MB of available disk space (If you don't have a computer with these minimum specifications you may experience slower performance or system halts, if this occurs open CD window/reboot computer). This disc has been thoroughly scanned and tested at all stages of production, but as with all new software we still recommend that you use a virus checker before use. We also recommend you have an up-to-date backup of your hard drive at all times. Although every effort is made to keep this CD virus-free, Systematic, Inc cannot accept responsibility for any disruption, damage and/or loss to your data or computer system that may occur while using this CD and the programs or data on it. All contributed media is under copyright to the respective photographers, musician or programmer (please refer to Soundtrack & Credits Section). The CD compilation & the majority of the programming is copyright to Systematic, Inc and can't be replicated, duplicated or reproduced in part or whole without written consent from Systematic, Inc and/or any of the contributing musicians, photographers or programmers.
